The Charlotte Observer has bought the Greenville (S. C.) Daily News, or rather Messrs. J. P. Caldwell and D. A. Tompkins have become the purchasers of that paper. Of course, they will take the News in hand and give Greenville a good daily newspaper. The new ownership means that and Greenville is to be congratulated accordingly.

The Democrats and Populists are making claims to President Roosevelt. Col. Bryan says the President is acting Democrat and Nebraska Populists pronounce him a "progressive Populist." Who was it that said President Roosevelt was a many-sided man? By the way, many Republicans are willing for either the Democrats or Populists to take him off their hands.

DEAD IN STILLNESS OF NIGHT

Young Mr. Felix Hoyle Klutzz, Well Known Pharmacist, Died Suddenly, Found in His Room.

A sadder death has not occurred in Wilmington in a long time than that of Mr. Felix Hoyle Klutzz, a well known and popular young pharmacist of this city, who was found dead in bed in his room over the drug store of Mr. James M. Hall, where he was employed, yesterday morning about 9 o'clock.

The drug store of Mr. Hall has been making a specialty of filling prescriptions at night and for that reason Mr. Klutzz's presence was required there. Yesterday morning when the boy came to open the store about 7 o'clock as usual, Mr. Kluttz was not up and he went to his room over the store and got the keys from his pockets, telling Mr. Kluttz that he had perhaps been called up during the night and he need not get up until later if he did not care to. He thought Mr. Kluttz heard him and his receiving no reply was because he was drowsy and understood. The boy went down, cleaned up the store and a little later sent another boy employed in the store up to wake the clerk. The boy came running down the steps a few minutes later and said that Mr. Kluttz was either dead or very sick. Mr. Hall, who had arrived by this time, hurried messages to Drs. R. H. Bellamy, Wright Hall and E. J. Wood, but when they arrived, it was seen that life had been extinct for some time. Dr. C. D. Bell, the coroner, who viewed the remains, pronounced that death resulted from heart disease and that the young man had probably died suddenly a few hours after he retired the night before.

The remains were taken to the rooms of Funeral Director James F. Woolvin and prepared for shipment to the old home of the young man at Albemarle, Stanly county, N. C., the family having been notified in the meantime. Mr. Kluttz was a member of Wilmington Lodge of Elks and the funeral arrangements were made by officers and members of that order. Yesterday evening the remains were taken to the Temple of the lodge where they will remain until the arrival of a brother of the deceased on the Seaboard Air Line train at noon to-day. He was expected to arrive yesterday evening but missed connection and will not get here until to-day. From 1 to 2 o'clock this afternoon the "Lodge of Sorrow" will convene over the remains in honor of the deceased member and the remains will be taken on the afternoon Seaboard train.

Mr. Kluttz had been a resident of Wilmington for several years and was held in the very highest esteem by all who knew him. He was formerly employed at Ahren's drug store and enjoyed the companionship of a large circle of friends. During the late Spanish-American war he saw active service as a member of the U. S. Volunteers in Cuba. That he should be taken away so suddenly and apparently in the enjoyment of the best of health seems sad indeed.

SCOTT FOR HIS LIFE

Third and Last of Mutineers From Harry A. Berwind Now on Trial

OTHER TWO NOT SENTENCED

Mr. Rountree Will Argue Exceptions in Sawyer and Adams Motion—Jury Completed Yesterday and Testimony Begun.

The trial of Henry Scott, the third of the negro crew of the schooner Harry A. Berwind, charged with mutiny and murder on the high seas, was resumed in the Federal Court upon the convening of the day's sessions at 9:30 o'clock. Sentence has not yet been passed upon Robert Sawyer and Arthur Adams and it is probable that it will not be until the trial of Scott has been completed and the prisoners have testified for the government in that case. Mr. Peschau, attorney for the prisoners already convicted, announced to the court yesterday morning that he was obliged to leave the city and that when His Honor was ready to take up the motion for arrest of judgment and a new trial, the bill of exceptions already filed would be argued for him by Mr. George Rountree, who, it is learned, has been interested in the case since the trial was completed.

All the morning session yesterday was taken up with the selection of a jury, Mr. William J. Bellamy, attorney for the defence having manifested especial skill in his selections of men for the important duty to which they are called. By order of the court, Deputy Marshal Dockery had summoned a venire of 50 men over night, endeavoring to secure a list of those who had not heard the evidence in the previous case and had not formed or expressed an opinion relative to the prisoner's guilt, but these were soon exhausted with another of 25 and another of 10 subsequently summoned, making a total of 85. Quite 80 per cent. of that number, however, when called said that they had formed the conviction in their minds that Scott was guilty and the work of securing a jury was extremely difficult for the defence, Mr. Bellamy having made nearly all his challenges for cause, only 11 of the 23 peremptories allowed by law, having been used. The District Attorney, however, looked well into the interests of the government and saw that none was stood aside without just cause. He also made a number of challenges himself. The jury is composed largely of Wilmington citizens, one of the number, Isaac Boufarrah, being a Syrian.

The complete list is as follows: H. C. Wall, Norwood Huske, Jr., Isaac Boufarrah, Geo. S. Boylan, E. David, W. T. Mercer, J. H. Shaw, Geo. Nurnberger, J. J. Matthews, J. S. Hill, LeRoy Batson and D. L. Middleton.

Immediately upon the convening of court in the afternoon at 3 o'clock, testimony for the government was begun. Capt. David Stetson, of Philadelphia, representing the owners of the ill-fated vessel was the first witness, establishing the nationality of the vessel, personnel of the crew and route of her charter. He also told of the build of the vessel, her appointments, and the like, explaining it all with a diagram which he drew on paper and laid on the floor before the jury. But the important part of his testimony was as to a confession made to him by Scott, both in jail at Southport and in Wilmington. The first confession was after Sawyer's and Adams' statement in the Southport jail and was to the effect that he (Scott) had killed the negro seaman Coakley in self-defence and that all, including himself, were previously concerned in the murder of the captain, mate, stewart and engineer. Later in this city Capt. Stetson said Scott told him in the Wilmington jail that he had killed Coakley and specified the stewart as another whom he had personally killed. The District Attorney brought out from Capt. Stetson that the statement was voluntary but Mr. Bellamy secured on cross-examination of Capt. Stetson an admission that he had approached Scott with the statement that witness represented the owners, that Scott was a murderer and would and deserved to die. The admission, it is presumed, will be argued by Mr. Bellamy as a statement under duress.

Capt. John W. Taylor and Mate Theodore Simon, of the schooner Blanche H. King, told of the overhauling of the Berwind by their vessel on the night of the 10th of October and subsequent events up to the preliminary trial at Southport. The new feature of Capt Taylor's evidence was the exhibition by the District Attorney and the identification by the witness of a white sock with black stripes containing about a dozen 32-calibre cartridges and a blackjack, all found in Scott's bunk in the forecastle after the ship was brought into port. Capt. Taylor explained that these evidences of trouble were found while he was going over the bunk of Scott in search of 60 cents in money which the prisoner said he had left there. Mr. Simon, the mate, corroborated Capt. Taylor as to the finding of these articles in the bunk. The burden of the cross-examination by Mr. Bellamy on this point was to prove that the bunks were pointed out to Capt. Taylor by Adams and that Adams might have, for obvious reasons pointed out some one else's bunk instead of Scott's; or, that the articles might have been placed in Scott's bunk by one of the other defendants to give plausibility to their deep-laid plans to make Scott the scapegoat of the whole affair.

Deputy Marshal C. O. Knox testified as to having taken charge of the clothing of the sailors and what articles were found in the bunks of each. Another article alleged to have been found in Scott's bunk was a heavy iron coupling from the Pennsylvania and Reading railroad.

Dr. J. Arthur Dosher, of Southport, testified to having performed an autopsy on the body of Coakley, the dead negro seaman brought in on the deck of the Berwind. Coakley had a wound on the head as if inflicted by some blunt instrument and also a bullet wound in his breast. He judged it was inflicted from a 32-calibre pistol.

The negro Arthur Adams went on the stand shortly before 5 o'clock and told substantially the same story as he did in his own behalf two days before, placing the entire responsibility for the murder at the door of Scott. When his direct examination had been completed, court took a recess until 9 o'clock this morning when the trial will be resumed with the cross-examination of the witness by Mr. Bellamy. It is likely the trial will not be completed before late this afternoon.

WEDDED IN SAINT PAUL'S.

Miss Martens, the Attractive Young Bride of Mr. Habenicht.

Saint Paul's Evangelical Lutheran church, the scene of many pretty weddings, was never prettier than last night at 8:30 o'clock when Mr. Henry W. K. Habenicht led to the altar Miss Fredericka Martens, the attractive young daughter, of Mrs. Annie Martens, of this city, and they were made man and wife in a pretty ceremony by the pastor, the Rev. W. A. Snyder. The interior of the church had been beautifully decorated by Rehder, the florist, the prevailing colors having been white and green. The church was thronged with guests and the wedding was declared by all who witnessed it as one of the prettiest of the season. The wedding marches were rendered with charming effect by Mrs. H. F. Otten, who played softly "Hearts and Flowers" as the ceremony progressed.

Promptly at the appointed hour, the party entered down the aisles with the utmost precision and exactly as the arrangements had been made. Masters Tiencken and Richters were the ribbon children and Misses Gladys Polvogt, Elsie Bissinger and Mabel Wessell were the pretty little flower girls. The bride was attended by her sister, Miss Mamie Martens, as maid of honor, and the groom by Mr. Fred Tiencken, as best man. The bridesmaids were Misses Annie Tiencken and Lula Orrell. The ushers were Messrs. J. D. Doscher, Jr., F. W. Ortman, Jr., Carl B. Rehder and Dr. J. H. Bornemann. The bride wore a lovely costume of white point d'esprite and carried a beautiful shower bouquet of bride's roses and Lilies of the Valley, caught with white and green chiffon. The bridesmaids were becomingly gowned in white over blue French organdie and carried bouquets of chrysanthemums.

Immediately after the ceremony the bridal party repaired to the future home of Mr. and Mrs. Habenicht, No. 618 Ann street, where an elaborate reception was given until 12 o'clock. A number of out-of-town guests were present including relatives from Charleston, Baltimore and other cities. A wealth of handsome wedding gifts were received, evidencing the popularity of the bride and groom here and elsewhere.

PYTHIANS ON A JUNKET.

Oyster Roast and Social Session at Lumina Last Night.

The oyster roast and social session by Jefferson Lodge, Knights of Pythias, at Lumina last night was really one of the most delightful events in the history of the order in the city. The party went down to the beach on a special car of the Consolidated Company at 9 o'clock and returned about 11. Mr. L. B. Rogers acted as toastmaster and he was a most excellent host. Among some of the brief addresses made were by Mr. H. E. Bonitz, who spoke on "Pythianism From a Commercial tSandpoint;" Mr. T. H. Thompson, "Pythianism From the Standpoint of a Commercial Traveler;" Mr. Allen, of Savannah, Ga., "The Fraternal Side of Pythianism," and Dr. D. W. Bulluck, "Pythianism From the Standpoint of a Professional Man."

Between thirty and thirty-five plates were served by Manager "Dick" Stokley and the luscious bivalves, as the newspapers like to call them, were never better. The return to the city was on the same special car with Constable "Tuck" Savage at the controller and Conductor E. W. Manning at the bell cord. The line was clear to the city and the run from Lumina to the city was made in just 20 minutes, breaking the record. The committee in charge of the entertainment was composed of Messrs. W. O. Page and J. Mercer Taylor and they surpassed themselves in the very enjoyable occasion afforded their fellow members.

Mr. J. G. Smith Injured in Shops.

Mr. J. G. Smith, a well known car builder in the shops of the Atlantic Coast Line in this city, suffered a very severe laceration of the scalp, just over the right eye, yesterday afternoon while about his work in the shops. Mr. Smith was under a car in which there was no flooring, and a foot adze left lying on a window of the car above him was thrown from its balance by the hammering below and it fell, striking the workman as stated, making an ugly, glancing wound which bled profusely. Mr. Smith was attended by A. C. L. surgeons of the Relief Department, and was later sent to his home on Red Cross street.

Cape Fear Country Club.

The stockholders of the Cape Fear Country Club met Tuesday night at the residence of Capt. Donald MacRae and elected the following directors: Capt. Donald MacRae and Messrs. T. M. Emerson, J. J. Blair, Hugh MacRae and A. S. Williams. The directors subsequently met and elected Mr. T. M. Emerson, president; Mr. J. J. Blair, vice president, and Mr. Chas. E. Taylor, Jr., secretary.

MASONIC FAIR IS ON

Brilliant Inaugural of Pleasant Social and Artistic Function In Masonic Temple

FLOWER SHOW IS A SUCCESS

Award of Prizes Last Night—Various Booths and Other Attractions are Popular—Dancing Each Night—"Children's Day" Next.

The Masonic Bazaar and Flower Show, for which preparations have been in progress for several weeks, opened in all its glory in the Temple last night. The attendance was good and the display of beautiful flowers, lovely booths and other attractions was all that could be desired. The decorations, which were by Rehder, the florist, were especially elaborate and added no little to the artistic success of the occasion. The Bazaar continues to-night and to-morrow night and any attempt to describe the loveliness of the scene and the various forms of amusement and entertainment provided would be to rob the prospective visitor of the pleasant surprise that awaits one who has not seen and heard of the elaborate affair. The small admission of ten cents is charged and the exhibition is worth more ten fold than that small amount.

The feature last night was the flower show in the blue lodge room, first to the left as one passes inside the main entrance. This exhibit is in charge of Messrs. Will Rehder and W. A. French, Jr., and the display of plants and flowers, which is exclusively from the gardens of Mr. Rehder, is one of the most creditable ever seen in North Carolina. Aside from this display there is another by amateurs which is also very creditable. In the professional class Mr. Rehder captured all the prizes upon the award by a committee composed of Messrs. R. C. DeRosset and W. A. French, Jr. These were $10 for the best collection of growing plants of all varieties; $5 for the best collection of growing chrysanthemums, not less than a dozen; $5 for the best collection of cut flowers; $5 for the best collection of cut chrysanthemums, not less than 12 varieties and 50 blooms. In the class for amateur growers the judges were Messrs. Will Rehder and Mrs. A. Newbury. The prizes were awarded as follows: Mrs. H. E. Bonitz, second of $5 for the best collection of cut chrysanthemums, not less than 25 blooms and 12 varieties. Mrs. Jno. F. Rulfs, Jr., third prize of $2 for best collection of six white chrysanthemums and fifth prize of $2 for the best six assorted blooms. There were no contestants in the other classes for which prizes were offered. The flower show will continue during the two remaining nights of the bazaar and it promises to be quite largely patronized.

The various lodge booths are presided over by the folowing chairmen, each of whom has a corps of gracious assistants, who are vieing with each other in the success of their respective attractions, viz: Saint John's—Mrs. R. W. Price. Wilmington—Mrs. Richard H. Grant. Orient—Mrs. D. McEachern. St. John's is an ice cream and cake booth; supper is served at the Wilmington booth and fancy articles are sold at Orient booth. In addition to these Mrs. M. S. Willard has charge of the Country Store; Mrs. W. A. French, Jr., the candy booth; Mrs. J. H. Watters, the lemonade booth; Mrs. R. C. Cantwell, the flower booth.

Hollowbush's Orchestra is furnishing excellent music in the ball room each night and dancing is in progress there each night. The dancing features are in charge of a committee composed of Messrs. Richard Bradley, R. A. Williams, Clayton Giles, Jr., and John Jay Blair.

This afternoon will be "Children's Day" and the little folks are looking forward to the event with much pleasure. Miss Mamie Alderman is in charge of the arrangement of amusements for the little folks and she has something good in store for all who will attend. The baby show, however, will be the prime feature and a large number of entries is expected. Mrs. R. W. Price is in charge of that special feature and judging by her success with the show at the recent W. L. I. bazaar, this one will be no exception to the rule.

Shot Woman Fooled Police.

The police had a hurry call yesterday morning about 10 o'clock to Ninth and Wooster streets, where it was stated David Roberson, a middle-aged colored man had shot his wife and gone to the tall timber. Officers E. L. Smith and E. J. Grimsley went out on the patrol and found the woman crying aloud to high heaven as if she were half dead. The officers lifted her in the wagon and drove as rapidly to the hospital as they thought the patient's condition would permit the jostle, but imagine their surprise and indignation, when an examination by the hospital surgeon disclosed that the bullet had only grazed the skin just above "Mrs. Roberson's" hip. The wound was dressed and the woman walked home. The husband with the artillery has not been taken.

Lost Pocket Book and $200.

Capt. Charles Wessell, master and owner of the steamer Rosa, lost a pocket book containing about $200 on the boat while she was tied up at her wharf here Saturday. Justice Bornemann, upon affidavit of Capt. Wessel, yesterday issued a warrant for Charley Benton, a colored deck hand formely on the steamer, who had been spending money quite freely for a day or two and to whom suspicion naturally pointed. Constable Savage arrested Benton on the wharf yesterday afternoon and placed him in jail for trial before Justice Furlong at 10 o'clock this morning. He denies all knowledge of the lost money.

TROLLEY CAR MEN GET MORE

Advance in Wages of Conductors and Motormen and Adoption of System Looking to Efficiency.

The street car conductors and motormen of the Consolidated Railways, Light and Power Company were notified yesterday of a substantial and voluntary increase in their wages by the company. The increase is upon the basis of a new system just adopted by the company and one which it is confidently expected will result in a great improvement of the service, both city and suburban to which the advance applies.

The men are classed as A and B, and the raise of wages will be solely on merit and according to a plan which will encourage efficiency all along the line. In the first or A Class of employes will be the men of longest experience and ability and in the second or B. class will be all other conductors and motormen regardless of length of service. All, however, will be eligible to the first rank when they have demonstrated their efficiency according to a system of merits and demerits to be given by the General Manager, these merits and demerits to be given for conduct and efficiency of service.

Under the present scale, men who have been in the employ of the company two years or more are paid 13 cents per hour on the city line and 14 cents on the suburban. Those who have been in the service one year or more are paid 12 cents in the city and 13 cents on the suburban line; those under one year, 11 cents in the city and 12 cents on the suburban road.

The increased scale is 15 cents per hour for all in the first or A Class and 12 1-2 cents for all in the second or B. class. These are said to be the best wages paid by a street car line in the State and the management confidently looks for an improvement in the service and an increase of interest in their work by all the employes.

THE STEAMER C. W. LYON.

Successfully Launched at Skinner's and Towed to Fayetteville.

The steamer C. W. Lyon, of the Tar Heel Steamboat Company, a notice of which appeared in these columns yesterday, was successfully launched at Skinner's marine railway yesterday morning about 8 o'clock, having been christened with a bottle of champagne by Miss Nettie Keith King, a daughter of the Wilmington agent of the company, Mr. S. M. King. The steamer was taken later in tow by the steamer Tar Heel and carried to Fayetteville, where the upper decks, etc., will be built on her.

The new steamer has a fine steel hull, is 125 feet long, 25-foot beam and was built entirely by the Wilmington Iron Works under the personal supervision of Mr. E. P. Bailey, president of the company, and that too at a less cost than was offered by any shipyard along the coast. It is a fine piece of work and the Wilmington firm has every reason to be proud of the job.

HOMESEEKERS FROM ILLINOIS.

Party of About 25 Arrived Last Night to Look Over Lands.

Responding to a systematic effort to get a colony of thrifty and industrious people to develop the valuable trucking and farming lands in this vicinity, a party of about twenty-five representative farmers from Illinois arrived late last night on the train from the South to look over the prospects in this territory. They came on the "Homeseekers' Excursion" of the Atlantic Coast Line, and are guests at The Orton. They represent the very best class of citizenship of the "Prairie State" and they are most cordially welcomed and the hope is expressed that they may be pleased with the splendid opportunities offered here, and will come with their families to make their homes with us. The party will remain in the city for several days and will make a number of excursions into the interior to look at available lands.

Complimentary Germans This Month.

The Governing Board of L'Arioso Club met last evening and decided to give two germans during the present month, instead of one as has been the custom for years. The first will be in the Masonic Temple ball-room on the night of the 14th, in honor of the Peck-Davis wedding party and the second will be given at the same place in honor of the West-Green party.

The gain in new building and industry in North Carolina is greater than at any period in the State's history.. The North Carolina Home Insurance Company, of Raleigh, N. PRIVATE CAR LINE RESPONSIBILITY.

It takes time and experience to perfect laws. This is shown in the fact that the inter-state commerce laws do contain any provision under which the private car companies can come under the regulatory or supervisory powers of the Inter-State Commerce Commission. At least that is what Armour & Co., owners of private refrigerator cars, set up as a part of their defence before the Inter-State Commerce Commission. In other words they deny the jurisdiction of the Inter-State Commerce Commission.

The New York Journal of Commerce in discussing the matter says:

"The Inter-State Commerce Commission's investigation of the relations between the private car lines and railroads engaged in interstate commerce has been brought to a close by the refusal of certain officers of companies concerned to answer questions put to them, under the advice of counsel. This was not put upon the ground that the answers might incriminate the witnesses in any way, but on the ground that the commission had no authority to make the inquiries because the private car lines are not engaged in interstate commerce and do not come within the jurisdiction of the official body charged with the execution of the law of 1887, known as the Inter-State Commerce Act. Technically this claim is probably well founded, as that Act deals specifically with the acts of railroads engaged in transportation between States, but it does not follow that the car lines are not engaged in interstate commerce because they do not control railroad operations or direct transportation. If they are not under the provisions of the law or the jurisdiction of the commission they may be brought there by amendment of the Act, and the question is 'up' to Congress."

The Journal of Commerce has a legal staff and in further discussing the private car line methods, that able paper takes the position that refrigerator transportation and the icing of cars for inter-State traffic is inter-state commerce. The article is concluded as follows:

"There is certainly interstate commerce here, to which the supply and maintenance of cars in proper condition and their haulage are equally necessary, and there must be a legal responsibility attached to the whole operation. Perhaps the railroads are not now responsible for iceing the cars or the charge made for that service. Perhaps the car lines are not liable under existing law for abuses in their part of the service; but they must be subject to the national power of regulation, and what is lacking is legislation appropriate to its application. That should be supplied by Congress without unnecessary delay."

WAS THERE A KICK IN THE CABINET?

When President Roosevelt issued his recent order forbidding members of his Cabinet from giving out to the newspapers information about the proceedings at Cabinet meetings, we did not see how a self-respecting statesman could afford to stay in the Cabinet. The cause for offense to the members of the Cabinet was especially emphasized in his collateral order that Private Secretary Loeb should be the only purveyor of Cabinet news to the newspaper men. This made Mr. Loeb a bigger man than any Cabinet member, and detracted from the dignity of the cabinet.

We have no doubt the members of the Cabinet gave out imformation that they should not have made public. The fact is we have often been astonished at the impropriety of giving out certain matters which the President and the members of his Cabinet had discussed. Some of them are very serious State secrets, and great care should be exercised in making them public. However, the President was discourteous, whether he meant it or not, in muzzling his Cabinet advisors. We remarked at the time that the President and his Cabinet should have mutually agreed what should and should not be made public, or that a mere suggestion from the President to the members of his Cabinet would have been sufficient without offering them an indignity by issuing a peremptory if not autocratic order as to what they should not do.

We do not know whether the President's muzzle caused any friction in his Cabinet or not, but we rather suspect it did. It is quite reasonable to presume that some of the Cabinet officials made a kick, for President Roosevelt a day or so ago revoked that order. It certainly had the effect of creating the impression that he could not trust to the discretion and judgment of his Cabinet associates, and we make a rough guess that the Department Secretaries made some sort of protest that caused the President to revoke the order.

COMMENDABLE IN CHARLOTTE.

During fair week in Charlotte, a livery stable was destroyed by fire and along with it some twenty or more mules and horses belonging to farmers who had come into the city to attend the fair. On Monday the Ministerial Association of Charlotte took active steps to raise a fund to reimburse, at least in part, the farmers who lost their stock as well as vehicles and harness. The Charlotte Observer promptly opened a subscription list, headed it with $50, and the citizens of Charlotte are adding to it. We do not know to what extent the livery stable people are responsible for stock or property left with them for safe keeping, but it is indeed a commendable spirit in the people of Charlotte to see that the city's farmer guests should not bear the severe loss which the fire brought upon them.

CURRENT COMMENT.

—The North Carolina man who is suing politicians who failed in their promise to get him an office ought to be glad that they did not sell him a gold brick.—Norfolk Public Ledger.

—To one who is on the outside it looks as if there will never be complete harmony in the Democratic party until one faction or the other gets out. They are too far apart.—Durham Herald.

—Tammany put up red flags over Mr. Hearst's picture to suggest that he is a friend of anarchy. Mobs assembled, tore the flags down, and trampled on Tammany's emblem. The anarchists are more sensitive than we thought they were.—Norfolk Landmark.

—The New York Commercial undertakes to print the monthly fire losses in the United States and Canada. In its estimates for October the total loss is placed at $12,974,387, in 1,860 fires. The loss in Charlotte is placed at $90,000, Concord $700, Gastonia $2,000, Greensboro $2,000, Greenville, N. C., $2,000, Raleigh $25,000, Statesville $4,000, Wilmington $20,000.—Charlotte Observer.

—The consummation of the plans of the Virginia and Carolina Coast Railway Company to build a two hundred mile road from Norfolk and Portsmouth to Beaufort, N. C., will furnish another important link in the chain which binds this city to Eastern North Carolina. It is gratifying to note that contracts for a large part of the work has been let and that the building of the new road will be continued to completion without unnecessary delay. The business and social relations of Norfolk and the eastern section of North Carolina are exceedingly intimate and this additional medium of intercourse will be of great advantage to each as trade relations will be improved and new business developed.—Norfolk Virginian-Pilot.

—A telegraph operator went with a friend to lunch in one of the uptown restaurants. After they had been there a few minutes the telegraph operator called his friend's attention to a pretty young woman seated at a table on the side of the room, who was toying with her spoon and occasionally tapping gently with it on the side of her plate. A well-dressed man seated at a table some distance away was going through a similar performance. The telegraph operator informed his friend that the couple were carrying on a flirtation by the Morse alphabet. Then he tapped a few times with his fork. The young man and woman turned very red in the face and suddenly departed. This is what the telegraph operator had signaled: "Oh, quit your spooning and get married."—Baltimore Sun.

—According to a telegram from Sioux City, Iowa, to the Minneapolis Journal, former Senator Pettigrew of South Dakota is going to get South Dakota and Nevada to sue southern States for $20,000,000 worth of bonds that were repudiated. Pettigrew claims to have already made North Carolina settle for $600,000 worth of such bonds in the suit brought by South Dakota. The South's rapid increase of wealth is tempting the speculators, but we do not expect to have to pay any more of the money stolen by the corrupt governments fixed upon us through the Washington authorities than we have already agreed to do. The men who countenanced the pillage of the South by organized thives can with poor face now demand that the South be "honest" and pay all the debts made by those thieves.—Columbia State.

TWINKLINGS.

—Blanche—Musn't it be awful to be killed in an automobile race? Maud—But it's such an awfully stylish death. —Baltimore American.

—"That pretty girl has turned Jones' head." "That so?" "Yes; but it happened to be on a rainy day."—Montgomery Advertiser.

—First Director—I wish they'd investigate this company. Second Director—Why? First Director—I'd like to find out something about it.—Puck.

—First Insurance Financier (after testifying, nervously): How did I acquit myself? Second Insurance Financier (fiercely): There was no jury.—Puck.

—"There is a great demand for municipal ownership, isn't there?" "Yes," answered Senator Sorghum. "There is a demand. But I don't think there is going to be any supply."—Washington Star.

—"Now Mickey," the teacher said, "tell me what you know of Nelson, the great fighting sailor." "You're mixed, mum," promptly responded Mickey. "Sharky is de fightin' sailor. Nelson wuz formerly a black smith."—New York Tribune.

THE COTTON MARKETS.

New York, Nov. 8.—The cotton market was active and excited with prices undergoing a sensational break after the publication of the census report showing 6,483,646 bales ginned to November 1. The close was 7 to 10 points up from the lowest but barely steady at a net decline of 25 to 29. Sales were estimated at 1,200,000 bales. The opening was steady at a decline of one point to an advance of five points and shortly afterward all the active months showed a gain of 3 @4 points on covering and bull support promoted by the continued big spot demand in the English market and reports of very firm interior holders. But fresh demand was restricted to some extent by uncertainty as to the showing of the census report in the afternoon and local professionals evidently believing the market overlong, rallied it during the middle of the morning and with considerable realizing in progress, it eased off to a net loss of about 14@16 points. Following this there was a second upturn on covering of recent sellers and the market just before the report was issued was firm at nearly the high point or around 11.40 for January and 11.60 for March. Inside of 10 minutes after the report was issued January was selling at 11.05 and March at 11.25 or 34 to 36 points net lower. There was active liquidation through wire and commission houses and leading bears were aggressive but the bulls rallied to the support of prices on the decline and late fluctuations were very feverish and irregular.

Receipts at the ports today were 55,619 bales against 48,403 last week and 50,648 last year. For the week, estimated, 325,000 bales against 345,230 last week and 386,859 last year. A GLAD AWAKENING

Victim of Strong Drink for Ten Years is Himself Again and is Free

HE GIVES PRAISE TO KEELEY

Went to Greensboro Institute and Had Craving for Whiskey Destroyed—Got Back Clear Mind and Good Health.

The Keeley Institute, Greensboro, N. C.:

About three years ago I graduated from your grand and glorious Institution. When I bade you good-bye and wended my way homeward, a well man, words could not express the joy, thankfulness and enthusiasm that filled my soul. For ten long years I was a victim of strong drink, and had drained the bowl to its very dregs. At lucid intervals I suffered the tortures of the damned. Only a drunkard can know such suffering. I have not tasted or desired alcohol since I left Keeley. My health is good, my mind is clear. I owe it all, even life itself, to your good Institution. Where all was dark and dreary, now it is bright, and a glorious awakening has come to me. I regard going to your Institute as one of the proudest acts of my life for the following reasons:

First: It cured me of a disease as deadly as the serpent's tooth.

Second: It gave me an opportunity to win back a good name and character, which were trailing in the dust.

Third: It gave back health, mind, and ambition to build up wasted possessions squandered in drink.

Every one, from the manager and physician to the servants, vie with one another to make one's stay both pleasant and profitable. I shall never cease to thank you for the benefits received while at Keeley. It was a case of snatching me as a brand from the eternal burning. I have been successful in business since my reformation.

J. A. MIZELL.

PRESIDENT ROOSEVELT VOTES.

Traveled Nearly All Night and Yesterday to Vote.

By Wire to The Morning Star.

Oyster Bay, Nov. 7.—There were only a few persons at the railroad station when President Roosevelt arrived here to vote, as it was not generally known at what hour he would reach here. After shaking hands with everybody in the station the President was driven in a carriage to the polling place in the Fifth district. There was a good sized crowd at the polling place and the President shook hands with every one.

"I have just completed a Southern trip," he remarked. "It was very pleasant, very pleasant indeed. With it I have now spoken in every State and territory in the Union, and now I am through. Let some one else do the talking."

The President received ballot No. 61 on which he voted for assemblyman, county judge and school director. After returning to the street the President stopped and chatted with some neighbors and then drove to the town hall where Secretary Loeb voted. While waiting for Mr. Loeb, the President talked with some of the townspeople, and a number of children who gathered around the carriage. When Mr. Loeb returned, the President drove to a railroad station, where quite a crowd had assembled. The President greeted everybody in a friendly fashion, and after a stop of ten minutes, boarded the special train which left at 9:30 o'clock.

Washington, Nov. 7. — President Roosevelt reached Washington from Oyster Bay at 4:40 o'clock this afternoon, having been on the road since 12:30 last night, with the exception of the twenty-minutes he spent at Oyster Bay.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE.

—The sixteenth annual meeting of the North Carolina Conference, M. E. church, South, convened at Greensboro yesterday. Bishop A. M. Wilson, of Baltimore, is presiding.

Mr. B. R. Hall, son of the late Rev. B. R. Hall, died at Fayetteville on Monday of a complication of diseases. He was 25 years of age and is survived by his mother, brother and two sisters.

—On Monday at Gastonia, Mr. Francis W. Bradley, returned to his home and found his wife lying in the floor dead. She had been in bad health and there were in the house only four small children.

—At Bessemer City, Gastonia county Monday afternoon a large tenant building owned by the Southern Cotton Mill, was burned, together with a lot of household goods belonging to tenants. Loss. $10,000.

The Governor orders the special term of court for Warren county, beginning December 11th, to try the groes, Hicks and Jarrell the alleged murderers of W. C. King, near Littleton, who are in jail in Raleigh to save them from lynching.

On Tuesday afternoon Governor Glenn, Auditor Dixon, Secretary Bruner, of the Agricultural Department, B. F. Arendell and Col. F. A. Olds left Releigh for Asheville to attend the dedication of the Confederate monuments and thence will go to Chattanooga and Chicamauga.

C. W. Ward, a flagman on the Southern Railway, whose home is in La-Grange, was taken to Goldsboro Monday night by a Southern Railway detective and placed in jail. Young Ward is charged with raising a check given to him by the railroad authorities from $21.60 to $71.60.

—The applications for charters for High Point's two insurance companies are ready to go to the Secretary of State. Both companies are capitalized at $100,000 each. One will write fire insurance and the other life insurance, and each have among its stockholders some of the most prominent and influential people in the State.

—Fayetteville Observer: The ladies of the Liberty Point Monument Association have transmitted through Governor Glenn, to be placed in the Hall of History, a photograph of Liberty Point, a copy of the famous independence declaration, made on this spot, with the names of the signers attached.

—At Carthage, Tuesday morning, fire destroyed G. C. Graves' big livery stable. The stable contained a lot of mules, horses, buggies, wagons, and harness. All the mules and horses were saved, but about fifteen or twenty new buggies which were stored in the second story were burned. The loss is nearly $5,000, with no insurance.

—A Greensboro Monday night Jim George borrowed seventy-five cents from his brother-in-law, William Clark, and soon thereafter asked him for a similar loan. Upon being refused he pulled a pistol and shot Clark, the bullet hitting him in the head, but glanced and did not penetrate the brain. The parties are colored. Clark's physician is of the opinion that he will recover.

—Fayetteville October, Oct. 7th: The preliminary trial of Moses Britt, the white livery stable man of Hope Mills, charged with burglary, was bgun in the Superior Court room to-day at noon before 'Squire Overby; but, before any evidence was heard, the case was again postponed until Wednesday, at the request of the defendant, some of whose witnesses were not present. Britt was remanded back to jail, as the offence he is charged with is not bailable.

—Friday morning near Virgil, Watauga county, a man named Joseph Sanders whipped his wife and caused her to leave him and go to her brother's home. Saturday morning Sanders went to the home of his brother-in-law with a shot gun and watched for his wife to appear. When she came out of the house he shot her through the head killing her instantly. He then went into the woods and shot himself through the head with the same gun.

—Dr. L. T. Watson, a prominent physician of Hope Mills, was terribly cut on the face and neck Monday night by a young man named Thomas Thames. Dr. Watson's wounds were dressed by Dr. Sevey Highsmith. But for his timely presence, Dr. Watson would have died to death. Dr. Watson was taken to Fayetteville immediately on the shoo fly train and placed in the Highsmith Hospital. Dr. Watson's wounds are not considered fatal, though he will be badly disfigured for life.

A DANGEROUS MISTAKE.

Wilmington Mothers Should Not Neglect Kidney Weakness in Children.

Most children have weak kidneys.

The earliest warning is bed-wetting.

Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles,

To blame the child for its own distress.

Seek to cure the kidneys—

Save the child from deadly kidney ills.

Doan's Kidney Pills cure sick kidneys.

Wilmington parents recommend them.

J. T. Ebert, formerly of 515 South Sixth stret, mattress maker, says: "I used Doan's Kidney Pills in my family. My little girl complained of severe pains in the small of her back, and the kidney secretions were dark and full of brickdust sediment. We were very much worried about her and when I learned of Doan's Kidney Pills I went up to R. R. Bellamy's drug store and got a box and gave them to her. Since using them she has improved wonderfully and is a different child. Her Kidney secretions cleared up, she does not complain of her back, and in fact, Doan's Kidney Pills gave her new life. We are very much pleased with them and you can use my name and welcome."

BEEF TRUST CLAIMS IMMUNITY.

James R. Garfield Made Promises to Chicago Packers.

By Wire to The Morning Star.

Chicago, Nov. 2.—Immunity from prosecution under the pending indictment returned by a Federal grand jury several months ago, is claimed by J. Ogden Armour and the other defendant packers and agents, charged with being promoters of the so-called "beef trust" in an additional plea in filed to-day by Attorney John S. Miller of the packers.

The new plea which came as a surprise to the government sets up as facts that when Commissioner Garfield of the Department of Commerce and Labor, investigated the beef packing business, he promised the packers that in whatever testimony they gave without being under oath, or whatever documentary evidence they voluntarily produced, the defendants should have the same rights, indemnities and immunities as if they had testified under oath, and compulsion.

Under this new plea, Attorney Miller hopes to establish the fact that there was an agreement between the packers and the government that they should testify and produce evidence without being sub-poenaed, or the oath being administered, but that as far as immunity was concerned, it should be considered as if they had been subpoenaed and taken the oath.

GREEN GOODS MAN CAUGHT.

Same One Who Was Given Away by North Carolinian.

By Wire to the Morning Star.

New York, Nov. 2.—Disguised as a Southern farmer, a postoffice inspector to-day arrested on a charge of fraudulent use of the United States mails, Charles Barry, said by the government authorities to be an old time "green goods" man. Barry was arrested on a similar charge a few months ago, and was recently released on $3,500 bail, when arraigned on the second charge to-day, he was remanded in default of $10,000 bail. Some time ago J. H. Gardner, a well-to-do citizen of Dalton, Ga., received a "green goods" circular which he turned over to the postmaster. The matter was taken up there and arrangements made for the disguised inspector to meet the man who mailed the circular. The inspector was surprised to find at the appointed place Barry, the man he had himself arrested such a short time ago, and who already was awaiting trial in a "green goods" case.

PEST DAMAGING COTTON.

Red Spider Probably Distributed Throughout the South.

By Wire to The Morning Star.

Washington, Nov. 6.—The Department of Agriculture in a report just issued says the red spider, a rust mite, has been quite prevalent in some sections of the cotton growing area of this country during the past two years. The spider is a minute yellowish-red mite which feeds on the cotton plant, principally on the under sides of the leaves, but at times attacking all parts of the plant. The report says the pest is very probably distributed throughout the entire cotton growing area of the South, although during late years its occurrence in injurious numbers has not been reported until the Summer of 1903, when it caused considerable damage to cotton in South Carolina and Georgia.

WARM WIRELETS.

Bishop J. W. Hood, one of the best known negroes in the South, was stricken with paralysis yesterday at Fayetteville, N. C., and is in a serious condition.

Finley Preston, a negro, aged 27 years, was hanged at Mountain City, Tenn., yesterday for the murder of Lillian Shaw, a negress. The crime was most brutal. Preston made no confession.

A passenger train on the Rome, Watertown and Ogdensburg railroad, bound for Watertown, collided head-on with a locomotive drawing two freight cars near Liverpool, six miles from Syracuse, N. Y., yesterday. Four were seriously hurt. Milton F. Tons, Lindonville, mail clerk, is one of the men killed. The other dead were members of the engine crews. No passengers were hurt.

Captain S. W. Very, will be detached on November 15 from duty as commandant of the six naval district, in command of the navy yard and station at Port Royal, S. C., and commandant of the navy yard and station at Charleston, S. C., and assigned to duty as president of a general court martial to be convened at the Boston navy yard. Commander J. A. H. Nickels has been assigned to duty as his successor at Port Royal and Charleston.

In a statement given out at Dallas, Texas, yesterday, President Harvie Jordan, of the Southern Cotton Association said: "The Master Cotton Spinners Federation, of Manchester, England and the International Cotton Spinners of Europe, and New England and American cotton spiners within the past few months have asked for a conference with officials of the Southern Cotton Association to bring about a closer and more direct relation with the producers and the establishment of stable prices for the product. This conference will be held either in Europe or America on a date to be agreed upon in the near future."

Advice to Merchants and Farmers

Do you know when you buy any grade of Guano? It's simply an adulteration, a small per cent of which is blood and bone, which is the superior ingredient, but when you purchase FISH SCRAP, you get nothing but pure FLESH, BLOOD & BONE. The above assertion we guarantee and can prove. Therefore FISH SCRAP has no equal as a Fertilizer. We are Sole Agents for the Ocean Fisheries Co., who manufacture the finest article of FISH SCRAP known. Prices cheerfully given on application.

TUESDAY'S ELECTIONS IN VARIOUS STATES

Democrats Make Clean Sweep In Ohio —Also Elect State Treasurer In Pennsylvania.

By Wire to The Morning Star.

Washington, Nov. 8.—The election of John M. Pattison, Democrat, as Governor of Ohio, by approximately 40,000 plurality over Myron T. Herrick, the present Republican Governor; an immediate appeal by William R. Hearst, the Municipal Ownership candidate for the New York mayoralty to the Supreme Court to contest McClellan's re-election in that city on the basis of alleged evidence of wholesale illegal acts at the polls; a plurality of 3,485 votes for McClellan, an immediate contest by the fusionists in Louisville in the courts against the election of Democratic municipal officers and members of the Legislature, were the developments in to-day's election aftermath.

McClellan's plurality is the minimum on record for a successful mayoralty candidate in New York. Mr. Hearst's managers claim evidence of illegal acts against 1,000 inspectors of election and that 30,000 of his adherents were turned back from the polls because their names already had been voted. District Attorney Jerome has announced that he will immediately make a searching investigation of the alleged wholesale frauds and has ordered the returns from the Eighteenth and Sixth assembly districts to be carefully guarded. These are the home districts of Tammany leader, Murphy, and "Tim" Sullivan.

All through Ohio the belated returns showed Republican losses and Republicans concede Pattison's plurality reaches 25,000. The Democrats claim Pattison's plurality approximates 55,000 which would elect the entire Democratic ticket. The Legislature is Democratic.

The city party's (reform) plurality in Philadelphia is 43,333 for sheriff. The upheavel was the greatest in Pennsylvania for many years.

The Maryland Legislature is Democratic and Atkinson, Democrat, for comptroller is elected. In Rhode Island the Republican gubnatorial candidate has a plurality of 4,342.

In Massachusetts Democratic threats are made of a recount of the vote for lieutenant governor. Draper the republican candiate received less than 2,000 plurality.

Every candidate of the Union labor party in SanFrancisco was elected by sustantial majorities; in Salt Lake the anti-Morman victory is made complete by the election of the entire American party ticket.

In Kentucky the Legislature which will elect a successor to Senator Blackburn, is heavily Democratic. The Democrats elected a Mayor in Louisville by about 2,500.

Nebraska was swept by the Republicans, Returns from other States and cities show no notable changes.

Virginia Democratic by 35,000.

Richmond, Va., Nov. 8.—Revised figures indicate that the Democratic plurality over the Republicans will be about 35,000 as reported late last night. The Republicans will gain a few members of the Legislature, increasing their representation from 16, to from 20 to 25 on joint ballot. The negroes everywhere abstained from voting.

The Maryland Election.

Baltimore, Nov. 8.—Late returns dissipate much of the doubt as to the result of yesterday's election in this city and State. With a few precincts of one of the usually Democratic counties to hear from the defeat of the proposed suffrage restriction amendment to the State constitution by 28,000 to 29,000, is indicated. Atkinson, Democrat, is conceded the State Comptrollership, and his majority will probably run over 6,500. That the lower house of the State Legislature will be Democratic is conceded by Republican sources of information. It will probably be made up of 53 Democrats, 3 Independent Democrats and 45 Republicans. The State Senate stands 18 Democrats and 8 Republicans. The Democrats will therefore elect the State Treasurer and the Board of Public Works will be Democratic. The election of Padgett, Republican, as sheriff of this city, about which there had been in doubt, is now conceded.

RUSSIAN BEASTS RETARD LIBERTY

Revolutionary Wave Hinders Witte and Government Unable to Suppress It

REVOLTING STORY HALF TOLD

Murder, Riot, Robbery and Incendiarism Unrestrained—Hardly City Escaped Jewish Massacres—Count Witte's Task.

By Cable to The Morning Star.

St. Petersburg, Nov 6.—2:10 P. M. —The revolutionary wave continues to subside, except in the Caucassus.

As details of what happened throughout European Russia during the upheaval arrive, the story grows more revolting. In the Baltic provinces murder, riot and incendiarism prevail.

In Poland even the clergy, Catholic and Protestant, participated in the manifestations in favor of the autonomy of the ancient kingdom. In southwestern Russia hardly a city or town escaped Jewish massacres.

At Tomsk, Siberia, according to the latest reports received here, the whole population of 40,000 and the military stood by while six hundred men, women and children were burned in a theatre. The court house at Tomsk and the mayor's residence, where the students and revolutionists took refuge from the mob were burned and those who tried to fly were killed in the streets.

In Moscow the social revolutionists, and the Black Hundred, and the Cossacks and police fought bloody battles. The descent of the butchers of Moscow, with their knives and axes upon the students, was one of the most horrible chapters but not as pitiful, however, as the attack of the Black Hundred on a procession of school children carrying red flags. When the children sought to escape, a cordon of police barred the way and the youthful martyrs were beaten into insensibility and in some cases actually torn to pieces. In the Alexander Garden at Moscow, Cossacks lay in ambush in the shrubbery and set upon their victims with whips. Many were beaten to death and other were hardly able to crawl away.

The reports from the Caucassus show that there is no immediate prospect of suppressing the present state of anarchy. Battles between Tartars and Armenians continue, and the destruction of the railroads and lack of troops make it impossible for the authorities ot cope with the situation.

Witte's Uphill Task.

Count Witte is continuing negotiations with the Zemtsvo constitutionalist party with brighter prospects of at least partial success. He makes no concealment of the fact that he regards their support as being almost vital to the achievement of the task which he is undertaking. The count is now holding a series of conferences with Prince Eugene Troubetskoy, brother of the late Prince Sergius Troubetskoy, and idol of the party, whom the Count wishes to take the portfolio of education, and with Prince Dolgoroukoff, Professor Miliukoff and M. Stakovich, who were summoned from Moscow, and M. Struve, editor of the Osvobojdenie, the organ of "emancipation" published in Paris who arrived here last night after four years exile in the cause of freedom.

The conservative wing of the party is becoming less intransigent in its attitude toward Count Witte, although demanding the fulfillment of certain conditions before giving him open support. The members insist primarily on the removal of the "wolves" of the old regime as they term the governors and police officials of many provinces and cities who are not in sympathy with the new order of things and who are charged with deliberately inciting the worst elements of the population with the full connivance of the police and troops under their control to make attacks upon the "Intellectuels" and Jews, which have filled the country with tales of horror and bloodshed for the last ten days. This condition, Count Witte is anxious personally to meet as he fully realizes that the obnoxious officials are obstacles in his own path. With the Count's promise to support a demand for a constituent assembly when the national assembly meets in January some are content and a distinct disposition is manifested on the part of certain leaders to hold up Witte's hands and work with him in the introduction of the new regime.

Anarchy at Odessa.

Odessa, Nov. 8.—Outward calm has returned here but the tension is still great. Reports that the Jews are preparing for terrible vengeance on the Christians are being inqustriously circulated among the lowest and most ignorant classes and it is feared they may lead to a recrudesence of anarchy. These reports declare that the Jews intend to blow up the churches and distribute poisoned foodstuffs to the Christians. Prefect Meldhardt to whom much of the responsibility of last week's occurrences is attributed, is still in office despite urgent demands for his removal. Apprehensive of fresh outbreaks, the city council has secured the promise of the Governor General to place military guards at all places where numbers of Jews recently rendered homeless are now being sheltered.

Pobedonoskoff Retires.

St. Petersburg, Nov. 8.—M. Pobedonostoff, the retiring procurator-general of the oly Synod, who is succeeded by Prince Alexis Oblensky, delivered his farewell address to the Holy Synod to-day. There was something wonderfully impressive in the figure of the old man, defeated but with spirit unbroken. He said he had the satisfaction of knowing that throughout his long career he had been a faithful servant of the State.

The metropolitan of Moscow, Vladimir, has been summoned by the Holy Synod to answer charges of inciting the Black Hundred to commit excesses.

The body of Sir George Williams, founder of the Young Men's Christian Association and president of the London headquarters for 20 years, who died November 6th, will be buried in St. Paul's cathedral, London, November 14th.

NEGRO REPUBLIC HAS REVOLUTION

Santo Domingo Again Facing Turbulent Times—President Roosevelt Suspects Purpose of Movement.

By Wire to The Morning Star.

Washington, Nov. 8.—A revolutionary movement has developed in San Domingo. News of this uprising, the first in many months, came to the State Department last night from one of its representatives in Santo Domingo. There was a lack of details, the statement being merely that an uprising had occurred at Macoris, directed against the administration of President Morales.

The news was immediately communcated to the Navy Department, and an order was dispatched by cable to Rear Admiral Bradford, who is at Guantanamo, Cuba, to send a warship at once to the scene of trouble. A ship can be sent to Macoris in half a day.

Nothing is known definitely as to the cause of this outbreak, but it is said here, the leaders were financed from New York, with a purpose of stirring up strife just in season to adversely influence action in the United States Senate on the pending Santo Domingo treaty.

It is stated that the activities of the United States war ships now probably will be confined to the protection of American interests.

GINNERS' REPORT TO NOV. 1ST.

Number of Bales Reaches Surprising Figures of 6,483,686.

By Wire to The Morning Star.

Washington, Nov. 8.—The Census Bureau issued a bulletin to-day showing that up to November 1st, 6,483,686 bales of cotton had been ginned in this country. Round bales are counted as half bales. The figures are the result of telegraphic reports made by agents of the census bureau from all the cotton growing States. Owing to the fact that no report was made on November 1st, 1904, comparative statistics are not available. The last previous report for the present year, showing results to October 18th last, gave 4,940,728 bales. The figures, according to to-day's bulletin for the various States are as follows:

Alabama, 815,457; Arkansas, 211,-113; Florida, 48,218; Georgia, 1, 302,-390; Indian Territory, 135,752; Kentucky, 305; Louisiana, 231,249; Mississippi, 510,077; Missouri, 144,181; North Carolina, 439,921; Oklahoma, 144,839; South Carolina, 822,140; Tennessee, 107,927; Texas, 1,692,248, and Virginia, 7,749.

WEDDINGS IN RALEIGH.

Dr. Smith and Miss Heck—Mr. Woodruff, Formerly of Wilmington.

Special Star Telegram.

Raleigh, N. C., Nov. 8.—At the home of Mrs. M. A. Heck, on North Blount street, this evening at 9 o'clock, occurred the principal social event of the week, the marriage of her daughter, Miss Susie Heck, and Dr. C. Alphonso Smith, of the University of North Carolina. The home was artistically decorated and a brilliant company of guests gathered to do honor to the occasion. There was a brilliant reception following the wedding.

At 12 o'clock this noon in the Church of the Good Shepherd there were married Mr. Elliott Anderson Woodruff, connected with the Bell Telephone Company, of Charlotte, formerly of Wilmington, and Miss Lucie Blake Merrill, of this city. It was a quiet marriage. Mr. F. L. Woodruff, Southern Bell Superintendent for the State of Alabama, a brother of the groom, served as best man. Mr. and Mrs. Woodruff left on the afternoon train for Charlotte.

FATHER AND SONS MUST HANG.

Georgia Supreme Court Refuses New Trial to the Rawlings.

By Wire to The Morning Star.

Valdosta, Ga., Nov. 8.—The Supreme Court of Georgia, to-day affirmed the verdict of the lower court in the case of the Rawlings men convicted of the murder of the two Carter children near here. J. G. Rawlings, the father, and two of his sons, Milton, and Jesse, must go to the gallows, while another son, Leonard, must serve a life sentence in the penitentiary. The Supreme Court, after passing upon and disposing of all the assignments of error, declared the evidence in each of these cases justified the verdicts rendered, but that the evidence in the case of Frank Turner, the negro, who was convicted of being an accessory before the fact, did not justify the verdict in his case and held that he should have been granted a new trial. The Rawlings this afternoon received the news of the court's finding. Turner will be tried again at the regular term next week.

FATAL RAILROAD COLLISION.

Five Persons Killed Near Wilkesbarre, Pa., Yesterday.

By Wire to The Morning Star.

Wilkesbarre, Pa., Nov. 8.—Five persons were killed, ten seriously injured and a score slightly hurt in a head-on collision between a passenger train and a coal train on the Delaware, Lackawanna and Western Railroad, near Hunlocks Creek, a short distance from this city, this afternoon. All of the killed were train men. The injuries to the passengers were caused by the terrific force of the trains coming together, the engine on the passenger train being forced almost through the baggage car. The passenger train dashed into the freight on a sharp curve. The passenger train was running at the rate of about 35 miles an hour. It is said that the freight crew misread the orders and instead of waiting on a siding for the passenger train, came out on the main track.

Man's Unreasonableness.

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by R. R. Bellamy, druggist, price 50c.

BITTER FIGHT IN NEW YORK

Hearst Organizes Campaign to Contest Election of McClellan as Mayor

WHOLESALE FRAUD CHARGED

Ivins, Jerome and the Field Join Hearst to Oust McClellan, Whose Plurality is Only 3,485—Flagrant Frauds.

By Wire to The Morning Star

New York, Nov. 8.—That a bitter fight will be waged in the courts to decide whether George B. McClellan or William Randolph Hearst is to be mayor of New York for the next four years, is now assured. The complete returns give McClellan a plurality of 3,485 votes, the smallest ever recorded for a successful mayoralty candidate, and a result which might readily be reserved by a recount of the ballots.

Mr. Hearst to-day announced his intention to take an immediate appeal to the Supreme Court, his managers having declared that they had secured evidence of illegal acts against 1,000 inspectors of election and that 30,000 Hearst men, who went to the polls to vote for Mr. Hearst had found that their names had already been voted. Most of this fraudulent voting is said to have been done in Eastside Assembly districts, especially in the Eighteenth, Charles F. Murphy's home district, and in the Sixth, of which Timothy D. Sullivan is the leader.

Mr. Hearst's proposed action met with warm approval in many quarters, even among those who opposed his election, and he received many assurances of support. District Attorney Jerome expressed himself in terms of strong approval of Mr. Hearst's programme, and declared that he would immediately institute a searching investigation of the alleged Democratic frauds. He also ordered the returns from the Eighteenth and Sixth districts to be carefully guarded.

Ira G. Darrin, the newly elected district attorney for Queen's county on the Republican ticket, made a similar statement. William M. Ivins, the defeated Republican candidate for mayor, also commended Mr. Hearst's action and expressed the belief that a re-count would show that Mr. Hearst had been elected.

Tammany Ready for the Fray.

After a secret session of the Executive Committee of Tammany Hall, held this afternoon, the following statement was issued.

"The Executive Committee of the Democratic organization protests against the outrageous published threat of the defeated candidate of the Municipal Ownership League to overthrow the will of the people, as expressed by the vote cast on election day, and directs the law committee to exert its best efforts and take such steps and institute such proceedings as will safeguard the election of Geo. B. McClellan as mayor of New York. We also call on the Commissioner of Police and the custodian of the ballot, to preserve the same intact from all interference by any one from any unauthorized source."

Some of the leaders, after the meeting expressed the opinion that the returns showed censure of Mr. Murphy's leadership, and that he should as a result step down and out and make room for a man against whom nothing could be charged. They thought that it was time for George B. McClellan to assume the leadership himself.

That the city is profoundly stirred to-day by the charges of fraud and the manner in which returns were brought in last night, may be judged from the following extract from the Evening Post, which paper opposed Hearst throughout the campaign:

"Proffers of support have been coming to Mr. Hearst's office all day. Men who did not vote for him or his ticket—who, indeed, on the day before yesterday, were talking about 'anarchy'—came to pledge themselves against what they term 'an intolerable offence against order and the American form of government.' What the offence is, in detail, is being told in affidavits. In Williamsburgh an election official who took the ballots into a closet and locked himself in there with them to count them, has been arrested, and the ballots seized and sealed up for examination later. Staten Island returns, which showing Hearst leading, suddenly were intermitted and then showed McClellan in the majority, are being looked over. The reason for holding back 139 districts of Manhattan at the moment when McClellan was running a thousand behind and keeping them unannounced for two hours is also being investigated."

The stock market showed some sensitiveness of the Hearst vote, and to the fact, that the Municipal Ownership League will have representation on the board of estimate and apportionment which controls municipal franchises. Stocks of several of the local corporations operating under city franchises ran off rather sharply on a feeling that the Hearst representation will be able to influence the city's policy in granting future franchises. Mr. Hearst has contended that the city has not been properly compensated for valuable privileges granted to corporations in recent years.

One of the Wall Street tickers made the statement that there seemed little doubt that the politicians were genuinely frightened by the closeness of the election and Mr. Hearst's demand for a re-count.

Attorney-General Mayer said that he had information that illegal votes were cast in several assembly districts.

"In any event, however," said the Attorney-General, "even should we discover thousands of cases of illegal voting, it would not affect the count for the reason that the ballots cannot be deducted. So far as we are concerned our jurisdiction ends with the prosecution of the criminals where the crime of illegal voting has been committed."

Hearst Prepares to Fight.

New York, Nov. 8.—A campaign to defeat Tammany Hall in the Supreme Court, and to declare William R. Hearst the rightfully elected mayor of New York yesterday in place of George B. McClellan, was inaugurated at a crowded meeting of Municipal Ownership League leaders to-day. At its close, Mr. Hearst said:

"We are going to fight to-day, to-morrow, next month and next year to make it possible for a man to cast an honest vote, and to prevent in the future conditions being as disgraceful as they were yesterday, especially in Sullivan's and Murphy's districts, and we will invoke every legal means to have every ballot honestly counted. We are receiving voluntary offers of money from business men to aid us in this appeal."

Mr. Hearst's lieutenants then announced that with evidence that 30,-000 Hearst men were defrauded of their right to vote yesterday and that 1,000 election inspectors were guilty of illegal acts, the contest would be carried immediately over the heads of the board of county canvassers into the Supreme Court. They said the object of this plan was to secure a speedy and final answer and that money was not to be spared in engaging counsel in all parts of the United States to make this plan successful.

The leaders said that in less than 24 hours after the polls closed, the Municipal Ownership League had secured over 1,000 affidavits, charging illegal acts against about 1,000 election inspectors. These affidavits state that the inspectors in question were Tammany men. Mr. Hearst himself said that within a year, "a chain of these men" would be sent to Sing Sing. It was also stated that in Eastside Assembly districts, including the Eighteenth, Charles F. Murphy's home district, affidavits have been secured to show that at least 5,000 votes vere illegally cast yesterday on the names of voters who went to the polls to vote for Mr. Hearst, and the Municipal Ownership League ticket, but who, when they arrived found their names voted upon already.

Bets Held Up.

New York, Nov. 8.—In the commercial districts, practically all bets made on McClellan will be held up pending developments. Conservative estimates make the amount wagered on McClellan at not less than $200,000, while probably half that much was bet on Jerome. A few bets were cashed this morning, but the stake holders have decided not to pay the bulk of the Jerome money until the official count is in. Bets on McClellan may be held up indefinitely, or at least until the counts decide the contest. A broker to-day offered to bet $1,000 that the official re-count would show that Hearst has been elected mayor.

The Vote in New York.

New York, Nov. 8.—The city of New York complete, but unofficial, gives McClellan 3,485 plurality over Hearst. The total vote was McClellan 228,651; Hearst 225,166; Ivins 137,-049.

The vote for Mayor, by boroughs was as follows:

McClellan—Manhattan and Bronx 140,682; Brooklyn 68.655; Queens 13,-193; Richmond, 6,121; total 228,651.

Hearst—Manhattan and Bronx 123,-920; Brooklyn, 84,603; Queens 13,677; Richmond 2,966; total 225,166.

Ivins—Manhattan and Bronx 64,088; Brooklyn 61,095; Queens 7,365; Richmond 4,501; total 137,049.

Jerome's Plurality.

With two election districts to be heard from today District Attorney William T. Jerome, independent, had a plurality over James W. Osborne, Democrat, for District Attorney, of 11,450 votes. The totals for District Attorney not including the two districts missing were: Jerome, 119,638; Osborne, 108,188; Shearn, Municipal Ownership, 72,492; Flammer, Republican, 13,348.

Election day came to a close with a dramatic scene at the Hoffman House where William Randolph Hearst gathered his friends and advisers around him to begin the preparation of his legal contest of the returns which indicated the success of his Democratic opponent, George B. McClellan. As the late vote came in, showing McClellan a few thousand ahead, and as it was noticed that figures from some of the eastside districts were missing, Mr. Hearst said be believed he was being cheated out of a hard fought and honestly won victory and announced his intention to make a contest in the courts. He sent out a call at once for the members of the law committee of the Municipal Ownership League and soon they began to arrive, many of them in evening clothes having been found at social gatherings or the theatres. At the hotel, waiting for the lawyers were scores of Hearst voters with stories of violence and outrage at polling places where they had gone to cast their ballots. Men were coming into the hotel constantly with bruised and bleeding faces. One man had his arm broken and another's head was cut so badly that Mr. Hearst had him put to bed in the hotel. Reports were brought in telling of one man having had his eye gouged out and of a Hearst man whose finger had been chewed off in a polling place.

Tammany Lost Board of Aldermen.

The board of aldermen is lost to Tammany, they having but 25 members of the board against 38 Republicans and nine Municipal Ownership members. Bird S. Coler, Municipal Ownership, and Joseph Bremel, Republican and Municipal Ownership, elected respectively president of Brooklyn and Queens boroughs, have membership on the city's board of estimate and apportionment which controls all expenditures of money. This is of great importance, giving the Municipal Ownership League a voice in the city's financial aaffirs and also in the granting of franchises, which power also is lodged in the board. In addition to losing the board of aldermen, Tammany lost 12 members of the State assembly from New York county and the assembly when it meets in Albany on January 1, next, will be Republican by more than 3 to 1.

Hearst's First Move.

New York, Nov. 8.—Colonel Alexander Bacon and F. B. Brown, of counsel for William Randolph Hearst, and the Municipal Ownership League, called at police headquarters late tonight and served an order from Justice William J. Gaynor on Captain Cruise in charge of headquarters at night. The order was actually for Commissioner McAdoo and the captain was served as his representative.

He immediately telephoned Commissioner McAdoo. The court's order directed that Commissioner McAdoo have every ballot box in the city of New York sent to the bureau of elections. McAdoo immediately complied with the order.

The report also enumerates the Cape Fear river as one of the 31 localities in the United States which has been selected for the establishment of permanent seacoast defenses.
